Dear Sirs,

We write further to your communication below and on 17 October 2016.

We ascertain from your correspondence that you will vacate the Property on or before 31 October 2016 upon provision of certain "communications".

For the avoidance of doubt, no further documents will be provided to you. You are not entitled to any further documents and the Order of the Court is not provisional on documents being provided to you.

You are in breach of the Order of the Court. This is, in fact, very serious and you may be evicted from your home. Our clients are currently exploring their options in relation to eviction.

Please confirm, by return, that you will be vacating your home on or before this **Monday 24th October 2016**.

Our clients reserve all of their rights, including their rights to require eviction in advance of that date.

Yours faithfully

BRYAN CAVE

Following the last couple of days and our attempt to make up for the 2 weeks we lost, we believe it may be possible to be out by Monday. However, we are paranoid that something else may go wrong and rather than communicate with you again should this happen, causing yet more delays, it would be safer to suggest the following Monday instead.

This should hopefully give you more than enough time to furnish us with the communications sent by Lewis to the "big-hitters".

Kind regards,
